Find an Account by Its Description

1. Click the Account button.

2. Set the operator for Description to "Contains".

3. Enter the desired information into the Description field. Enter a valid value e.g. "supplies".

4. Click the Search button.

5. Locate the Account you were looking for.

   If you'd like to view the attributes, like the Long Description, for that Account click the Account in the Search Results.
